Declaration of Theistic Testimony of Justice

Final Version

Decree 1

God eternally rules over everything by His power through justice and judgment, and it is impossible for Him to practice iniquity. He is the supreme intelligence and all things subsist in Him.

Decree 2

God is almighty, omniscient, and transcendent to time. His love and goodness endure forever on those who fear him, and the strength of his power exceeds all magnitude and comprehension.

Decree 3

God is sovereign and judges everything with full vision and perfect wisdom. His understanding and His justice are unreachable and He cannot be defeated. He has all power and does whatever he pleases.

Decree 5

God is absolutely righteous and upright, and He judges with the most perfect justice and equity. He beholds the right according to truth, and repays each one fully according to his works.

Decree 6

God is the truth and supreme good. The fullness of all being and meaning, of all sense and reality, of all dimension and existence is generated within Him, is within Him, and exists for Him.

Decree 7

God is infinitely holy, unfathomably pure and absolutely incorruptible. The nature of His being is singular and superexcellent, indivisible and transcendent of all likeness.

Only Elohim is God, blessed be He, who sent us Jesus Christ His Son, and there is no, never was and never will be any other God beside Him.
